PIZZA SOCIAL

# Modern Take

PHOTO COURTESY: DIPEN TANDEL

The Pizza Social in Surat, Gujarat, by **The Interior Workshop** features raw design encased in a lively burst of colours. Exposed materials and rustic elements of the brick wall, electrical pipes and patterned tiles help retain focus on the unpolished elements of the modern space. Embossed patterns, Warli wall art

and small antique elements effortlessly fit into the large colour canvas of blue, yellow and grey. Unique seating arrangements, the glass partition, exposed lighting and vintage floors add drama. A creative fusion of the modern and traditional, its appearance normalises and glorifies the appearance of distressed finishes. ■
